SUBJECT : Office of Security Incentive and  
Suggestion Awards Committee

REFERENCE: OS Notice #59-9 dated 5 November 1959

1. Personnel assignments affecting the membership of the Office of Security Incentive and Suggestion Awards Committee make necessary the appointment of new members. The old Committee has expended considerable time and effort on its job and has discharged its responsibilities in a most commendable manner. This Program affords monetary benefits to participating personnel and results in improved efficiency in office and Agency procedures. I sincerely trust that Office of Security personnel will continue their interest in this very important Program.
